Apple Growers To Call for Help From State Powers

Ulster County Growers Hold Meeting; Wicks and DuMond Will Be Approached

Hudson valley apple growers will call upon State Senator Arthur H. Wicks, C. C. DuMond, state commissioner of agriculture and markets, and other leading officials for aid in securing the state purchase of apples to relieve a "critical situation," it was announced at a meeting of Ulster county growers in Clintondale last night.

Apples in area storages, it was announced today, have not been moving to the market as in former years and the growers feel the need of special action.

The meeting in Ulster county was called by Paul Kurly of New Paltz, chairman of the outlet sales of apples in the Hudson Valley. Similar meetings were held in other counties of the region.

The growers have authorized a special committee to confer with Senator Wicks and the other officials in their behalf. Those on the committee are: Gerow Schoonmaker, Walkill; J. Stuart Hubbard Jr., Poughkeepsie; West Rider, Germantown; M. Marvin Woodstock, manager of the New York and New England Apple Institute and Walter Baran, assistant Ulster county agricultural agent.

High grade McIntosh apples have been moving "fairly well," it was reported at the session, but "off color" varieties have not been selling.

Work which may indicate next season's prospects for apple growers will be studied and later reports issued, the assistant county agent said today. It is thought possible that some damage might have been caused by the low temperatures during the winter.

Judge Martocci Suspends 30-Day Jail Sentence on Cleveland Thomas

Cleveland Thomas, 59, of 26 East Union street, was fined \$100 in city court today after pleading guilty on a charge of violation of Section 971 of the Penal Law (possession of policy slips). In addition, he was given a 30-day jail sentence, suspended pending good behavior.

Thomas was arrested at 9:32 a. m. today by Patrolman William H. Messing for a parking violation on Broadway near Liberty street. Brought to headquarters, he was found to have in his possession several books of tickets used for gambling, commonly known as the "policy game."

Discovery of the policy slips was made by Patrolmen George Bowers and Gerald Every, who placed the charge against him. Thomas was arraigned before Special City Judge Francis Martocci. He paid his \$100 fine and was released.

Wallace Says Marshall Plan Twisted by Monopolists

Senator Taylor Is Democrat Walkout

Wallace No. 2 Man Says Democratic Party Wall Street Tool

Washington, Feb. 24 (AP)—Senator Glen Taylor of Idaho has kicked the Democratic party goodbye to become No. 2 man on the Henry A. Wallace ticket.

"I am not leaving the Democratic party, it left me," Taylor told a radio audience last night. "Wall Street and the military have taken over."

All the major parties offer, he said, is a choice between "a Republican twiddle dum and a Democratic twiddle dummer."

Taylor said as far as he is concerned that leaves the third party as the place to fight for "the principles in which I believe."

"I'm in this to win," the 43-year-old Idahoan told reporters at a news conference after his speech. "I have confidence and faith. I think I'll get to be vice-president."

"The one-time 'crooning cowboy' said he agrees with Wallace that 'you've got to believe we can work with Russia—or give up hope and prepare for the end of the world.'"

"I believe Russia wants peace. She has plenty of territory and material. She doesn't want markets."

If Russia seems to be "trying to spread out," he said, it is because of "fear of the rest of the world."

Taylor had harsh words for the Democratic organization. Leaving it, he said, will make him "feel good inside."

"I can come out swinging for the things in which I believe," he said, "without fear of stepping on the prejudices or privileges of some ungrateful associate. Leaving it, no Pauls, no Wall Street, no generals, no privileged few."

In his home state of Idaho the Democrats had harsh words for Taylor. The senator helped George Donat, Welser attorney, win the 1946 Democratic nomination for the Senate. Last night he said:

"I wish him lots of luck—all of it."

Reporters who asked Taylor to comment on talk that U. S. Communists have sworn to the third party got this reply:

"I'm glad to have their vote. I'd be glad to have the votes of bank robbers if I can get elected to do what I think is right."

In his prepared address, Taylor said his goal is to make the American way of life so attractive that "Communism will never interest more than the infinitesimal fraction of our citizens who adhere to it now."

Wallace sat across from Taylor, head resting on his right hand, while the senator made his prepared announcement. He left before the news conference began.

Also seated were Leo Isaacson and Leo Pressman.

Isaacson, of the American Labor Party, last week was elected to Congress from a Bronx Democratic stronghold with Wallace backing. Pressman quit as C.I.O. general counsel earlier this month to help the third party drive.

Taylor began running for Congress in 1938 when he had his own theatrical road show. He was beaten for the House in 1938 and for the Senate in 1940 and 1942, but finally won the Senate seat in 1944. Democrat D. Worth Clark in 1944.

Third Party Leader Appears Before House Foreign Committee

Washington, Feb. 24 (AP)—Henry A. Wallace said today that "Wall Street monopolists" have twisted the original Marshall Plan into an instrument for enslaving Europe.

The third party presidential candidate described the European recovery plan as "a blueprint of war."

At his own request, Wallace appears before the House Foreign Affairs Committee. His arguments were contained in an 11,000-word prepared statement.

In advance of his testimony, the committee announced that there would be no radio broadcast and that television and newsreel cameras would be excluded. This brought a cry of "censorship" from Wallace supporters.

The committee last week announced there would be no further broadcasts direct from its meeting rooms because, it said, they "inconvenience" committee members. Some earlier hearings had been broadcast and photographed for the movies.

Most of Wallace's statement was devoted to his contention that "capitalists" have perverted the Marshall Plan into a scheme for dominating world markets where they would be able to dictate the economic policies of the nations that take part in it.

At the same time, Wallace offered his own alternate plan for aid to Europe. Through his eight-point program, he said, "we would be relieved of the gnawing fear of atomic and atomic destruction which haunts us today."

Sets Forth Points

Wallace set forth these points in outlining his program:

1. The creation of a \$50,000,000 reconstruction fund.

2. A United Nations agency, "and not big business," should administer the fund.

3. All nations "with appropriate means" would contribute to it.

4. It would be parceled out on a priority basis to those nations that suffered most in the war, "including those of eastern Europe."

5. There should be no political strings attached to granting this assistance to any country. Wallace said, "It would permit the people of Europe to nationalize their industries—it would permit the exclusion of Wall Street trusts, the refusal to purchase surplus goods dumped abroad by big American business."

6. None of the money should be used to buy military supplies or armaments, nor could it be employed for war preparations. "My plan would eliminate the present American intervention in Greece, China, Indonesia, and Indochina which are increasingly threatening."

Wicks, Wadlin Would Have State Build Slide Mt. Memorial

Highway Would Lead to Observatory; May Amend State Constitution

Senator Arthur H. Wicks of Kingston and Assemblyman John F. Wadlin of Highland, today introduced in the legislature a concurrent resolution to amend the State Constitution to permit the construction of a war memorial to the men and women who served our country in the armed forces in World War 2.

The memorial would take the form of an observatory on the very top of Slide mountain, altitude 4,200 feet, the highest peak in the Catskills, and a memorial highway leading thereto.

The amendment would permit the construction of the highway from a point on the Big Indian-Curry highway at or near Winalook Lake to the mountain top, a distance estimated at between two and three miles.

Senator Wicks called attention to the Whiteface Mountain Memorial highway which was built in the Adirondacks some years ago to honor those who served in World War 1. That highway, and the observatory atop the mountain, has made possible a thrilling and inspiring view of the entire Adirondack range by thousands of citizens of this and other states.

Senator Wicks said that a similar observatory atop Slide mountain would provide a similar view of the entire Catskill range. Senator Wicks also pointed out that no state memorial has as yet been provided to honor World War 2 veterans and believed that his proposal would be a step in that direction.

The resolution must be adopted by the 1948 and 1949 legislatures and be approved by the voters of this state in 1949.

J. R. Gregg Dies

New York, Feb. 24 (AP)—John Robert Gregg, 80-year-old inventor of the shorthand system that bears his name, died yesterday. He was a former president of the National Arts Club. A native of Rockport, Northern Ireland, Gregg began experimenting with "speed writing" systems at the age of 10. In time he composed a shorthand alphabet of his own which subsequently was adapted to 13 languages. Gregg came to this country in 1893, organized the Gregg Publishing Company and began publication of his numerous shorthand textbooks including "The Gregg Shorthand Manual." He also established and edited the Gregg Writer, a monthly magazine. Survivors include his widow, Janet, a son, John R. Jr., and a daughter, Kate.

Judge Stands Pat

Westover Air Base, Mass., Feb. 24 (AP)—Judge Charles F. Wernstrum today stood pat on his criticism of the German war crimes trials as failing to "attain objectivity aloof from vindictiveness" and offered to match his loyalty to the United States against that of an Army general who accused him of "subversive" talk. Wernstrum, a justice of the Iowa Supreme Court, arrived here by plane from Nuremberg, where he presided at the trial of 10 German commanders for war crimes including the killing of hostages.

Wicks Asks Unions Grant Immunity to Legislators

Cannons to Close Out Their Farm

High-Grade Stock Raisers to Sell Cattle and Property

Woodstock, Feb. 24—Mr. and Mrs. Victor Cannon who have raised high-grade farm stock on the side of Overlook mountain for more than a decade and who recently won high honors in a national show, will discontinue their farm, it was learned today.

Plans to dispose of the stock were reported in progress this week, it was learned, and the sale of the farm property is expected to follow.

Cannon underwent a serious operation last December and has been unable to resume his work on the farm, Mrs. Cannon said this morning.

Stock entered by the Cannons in the recent Chicago National Aberdeen Angus Show and Sale, won unusually "high placing" according to Edmund R. Bower, county 4-H Club agent. They have won similar honors during past years.

October heifers in the junior calf classification won first, second and fifth places in the Chicago show, Bower said. A fourth place was won in the next older group, the senior (February) calves, and they won a sixth place in the two-year-old classification.

Those awards, Bower stressed, represent an outstandingly high record.

Senator Points Out Constituted Duties Call Them to State Capital

Albany, N. Y., Feb. 24 (AP)—Senator Arthur H. Wicks today awaited an answer to a plea to striking A.F.L. workers that legislators be granted what he called "immunity" from picket lines at the DeWitt Clinton and Ten Eyck hotels.

In a request last night to Secretary-Treasurer Harold Hanover of the State Federation of Labor, Wicks said:

"It is the constitutional duty of legislators to be here to transact the state's business. The hotels are home for many of them. Personally, I wouldn't think of crossing a picket line without permission."

The Kingston Republican explained, "I want immunity to freely walk through the picket lines without being characterized as anti-labor."

Hanover said he would forward the request to business agents of the striking unions.

Meanwhile, negotiations toward settlement of the strike remained stalled. A meeting of union and management representatives with state mediation officials broke up last night without agreement.

No meetings are scheduled today but Fred H. Bullen, secretary of the state mediation board, said efforts to reach a settlement would be continued.

Details of the proposal were not disclosed.

Approximately 260 members of the A.F.L. Hotel and Restaurant Employees Union, Local 471, and Bartenders Union, Local 98, are on strike at the Ten Eyck. They went out last Tuesday when negotiations broke over union demands for a 40-hour week.

They were joined Saturday by about 200 DeWitt workers.

Assemblyman Minority Leader Irwin Stelting of Brooklyn and two aides took rooms in a tourist home to avoid picket lines.

Six New York city Democrats issued a statement declaring their sympathy with the strikers. They said that "as practicing liberals" they "definitely will not cross any picket lines around the DeWitt Clinton and Ten Eyck hotels now, tomorrow or at any time."

The statement was signed by Senators Alfred Santangelo and Harold Panken and Assemblymen William Prince, Hulman Jack, Louis A. Cioffi and Harold Stevens. About 150 legislators usually stay at the two hotels.

Mayor Is Ordered To Rest, Month

It was announced today at City Hall that Mayor Oscar V. Newkirk would be at his home because of illness for a period of four weeks. A few months ago Mayor Newkirk contracted a heavy cold, which he was unable to shake off.

Recently, the mayor underwent medical examinations and as a result his physician ordered the mayor to bed for a complete rest for a period. The mayor's condition is not serious, and with a period of rest he will be able to pursue his activities as before.

Mayor Newkirk will confer with all departmental heads at his home and will continue to make all the necessary decisions on questions of policy affecting municipal affairs.

Woodstock Library Ground Breaking Set for Wednesday

Replica of Addition Will Be Unveiled; Plans for Reception Underway

Woodstock, Feb. 24—Appropriate ceremonies for breaking of ground to start an addition to the Woodstock Library will be held Wednesday at 4 p. m. at which time a miniature replica of the proposed project will be unveiled.

After the program there will be a reception in the Woodstock Town Hall, with trustees of the library acting as hosts. Guests of honor will include Mrs. Walter Doughty, who gave the original building to the library association; Kenneth Wilson, town supervisor; and the Rev. Harvey Todd, chairman of the fund raising committee. All members of the library association are cordially invited to attend the ceremony and reception.

The 100-year old building which originally housed a doctor's office and was the scene of one of the earliest drug dispensing units in Ulster county will be preserved and the familiar facade will not be changed. The proposed addition will make the library much larger and space will be provided for meeting rooms, reading space and for the housing of the many fine books and other bibliography which now is in storage.

The overcrowded children's portion is to be enlarged to care for the fine collection which has made the Woodstock Library what is considered the best in its class in New York state.

Trustees of the library are Miss Elsa Kimball, Miss Isabel Doughty, Mesdames C. O. Fischer, Katherine Boyd, Blanche Rosett, Sarah Millendorf, Warren Huttly, Joseph Friedberg, C. E. Lindin, Mrs. Mesdames C. D. Grant, Paul Perlman, Julia Leacycraft, Miss Alice Owen, Henry Robinson, Martin Comeau, Walter Van Wageningen, George Neher, Morris Klein, Herbert G. Wyman.

Air Pressure Is Highest Today on City Barometer

The highest barometric reading of air pressure this year was recorded this morning at the city hall, with the indicator on the aneroid barometer in the city engineer's office going above the highest mark on the scale, 30.50 inches of mercury, at 9 a. m. today. At the Board of Public Works garage a pressure of 31.00 inches was reported at the same time.

At Stewart Field, Newburgh, weather technicians said the pressure was 30.32 inches at 10:30 a. m. today, corrected to sea level. They said that this was one of the highest pressures they have recorded this year, but that it was not an unusually high pressure for any time that a cold air mass is present.

The high pressure does not forewarn of any drastic weather conditions, Stewart field technicians said, but indicates a continued cold, clear weather.

Communist Leader Says His Party Will Win Within Hours, or Days at Latest

Students Parade

Opposing Groups Shout Anti-Red Slogans in Street March

Prague, Feb. 24 (AP)—A score of Czechoslovak Security Police, armed with bayoneted rifles, entered the headquarters of the Social Democratic Party late today.

The move of the Communist-directed police was not immediately explained. The Communists are grasping for full control of Czechoslovakia.

The Social Democratic Party headquarters is on the busy Prikopy, one of Prague's main shopping streets.

About 10 riflemen remained in the offices of the National Socialist Party, whose headquarters were seized and searched yesterday. Most of the party secretariat staff was back at work. The police said they were assigned as a defense guard. They said that similar guards were on duty at Communist Party Headquarters.

Trade unions staged a one-hour strike at noon as a token of their solidarity with the Communists.

Communist Premier Klement Gottwald predicted victory for his party within hours, or days.

Students and professors, mainly of the opposing National Socialist groups, paraded through Prague shouting anti-Communist slogans in front of the Communist Party Headquarters. Police directed the traffic and did not attempt to interfere. Streetcars stopped only five minutes during the strike.

Had Not Appeared

Until noon, Gottwald had not appeared at President Eduard Benes' office. The president has maintained consistently he could accept nothing but a coalition government.

The crisis arose Friday night when the 12 non-Communist members of the cabinet resigned. Benes however, has not accepted the resignations.

A hint of Gottwald's proposed new government was given in the makeup of the Prague "Action Committee," formed last night.

It listed Alois Petr, deputy chairman of Parliament, and the Rev. Josef Plchl, a Catholic priest and member of Parliament, as representing the Catholic People's Party. Former Premier Zdenek Fierlinger, a left wing Social Democrat, and Dr. Oldrich John, chairman of the Constitutional Committee of Parliament, were listed as Social Democrat members.

Some quarters said they believed Gottwald was ready to present a new cabinet list to Benes with these names and with three National Socialists, considered dissidents in their own party, along with the names of four representatives of the National Union, Labor, Resistance and Youth groups.

Vogt Is Found Innocent Of Disorderly Conduct

Floyd Vogt, 52, Hurley contractor, was found innocent of disorderly conduct charges after trial in city court this morning before Special City Judge Francis Martocci, who ordered that Vogt be discharged and bail be canceled.

Vogt was arrested on February 17 following complaints of a street fight at O'Neil street and Broadway, in court today he was represented by Attorney William A. Kaercher.

Vote on Rents Is Due

Washington, Feb. 24 (AP)—A vote on the stopgap extension of rent controls for one month beyond today, Sunday comes up in the House today. Passage of the bill seems sure. In the Senate there was talk of a night session to complete action on a measure to continue the rent law 14 months with some changes. In any event, Senate Republican leaders already have agreed to go along with the House on a 30-day temporary extension.

Truman Directs Inquiry

With President Truman in the Caribbean, Feb. 24 (AP)—President Truman today directed the Justice Department, the Council of Economic Advisers and the Commerce Department to make a full inquiry into the increase in steel prices. The orders went out by radio from the presidential yacht Williamsburg, said Eben Ayers, presidential assistant press secretary. Steel prices were increased about \$5 a ton last week.

Carey Resigns Vet Relief Job He Held 29 Years Without Pay

Eugene B. Carey, uptown insurance agent, former mayor of Kingston, and veteran's relief commissioner for Ulster county since December 9, 1924, has announced his resignation, effective March 1, from the position which he held longer than any other relief commissioner in the state. The job carries no salary.

Appointment of Mr. Carey was made by Adjutant General Edward J. Westcott of the state of New York, upon recommendation of Wesley O'Brien of West Hurley, serving as county commander of the Legion, and his successor probably will be someone sponsored by Philip T. Schantz, of Highland present Ulster leader.

Regarding his resignation, Mr. Carey said, that he was reluctant to discontinue his veterans' relief post because of the good accomplished, but felt that he had to do it in justice to himself after serving 29 years of non-remunerative service. His files will be turned over to the Ulster County Veterans Service Agency for safe-

keeping. Information he collected might prove of real value to dependents of World War I veterans in years to come.

Knowing Mr. Carey's background as one who sacrificed himself to help war veterans and the long hours he spent in their behalf, a reporter asked him what he intended to do with his spare time after the resignation takes effect. His answer was: "Give a little more attention to my business and perhaps do a little more fishing."

The position of veterans' relief commissioner was created by law on May 2, 1923 and provided for compensation to men, whose ailments were traceable to service in World War I, and their dependents. In January 1944 the law was amended to extend relief to veterans of World War 2. It was while handling these cases that Mr. Carey built up his invaluable file for future use.

Associated with Commissioner Carey in the relief work were two Kingston physicians; Dr. Chester B. Van Gansbeek and Dr. John F. Larkin, who gave physical examinations.

Legion Head Twice

Commissioner Carey's active interest in veterans' affairs runs

back to April 1919, when he was elected as the first adjutant of Kingston Post, 150, American Legion. This position he held continuously until January 1926, when he was elected commander, the first to serve in the Legion Memorial Building erected in 1925. He was elected post commander for the second time at the annual Legion meeting in 1930 and is the only past commander to have served twice.

Legionnaire Carey served as post adjutant again in 1926, 1927 and 1928; as post service officer in 1927, 1928 and 1929. During the same period he was captain of the Legion Drum Corps and had the honor of taking it to the 1937 national convention in New York. During the past 29 years, Mr. Carey has written the history of the local post appearing in the annual programs of the Armistice Day balls. He is regarded as one of the most well-informed Legionnaires on the affairs of the organization. Mr. Carey has enjoyed the friendship of many national and state commanders and made many convention trips, including the journey to Paris, France, in 1927 for the national gathering which he attended as a delegate.

Ex-Policeman Killed By Army Cadets' Car

A former Middletown policeman, Thomas Terwilliger, 43, was killed instantly Saturday afternoon when his car collided with another car on Route 17 on Denton Hill south of Middletown, state police of that place reported.

The driver of the other car involved in the accident was West Point Cadet Sims Dillby, 22, of Texarkana, Tex., and with him was riding Cadet James Shirley, 23, of Corcoran, Charles R. March investigated the accident and gave a verdict of accidental death. He absolved Cadet Dillby of all responsibility.

Cause of Terwilliger's death was reported to be a broken neck. Both of the cadets were taken to Fort Monmouth Hospital at Middletown and later removed to the cadet hospital at West Point, where it was disclosed that Dillby had a nose fracture and Shirley had scalp lacerations and a possible fracture of the nose. Both suffered possible internal injuries and were in fair condition.

According to the police report of the accident, Terwilliger was traveling south on Route 17 and moved into the path of the Dillby car, which was traveling north. Traffic was blocked at the scene of the crash of half an hour.

West Park Burglaries Are Believed Solved

Sergeant Arthur Reilly of the State Police Bureau of Criminal Investigation, today claimed the solution of a series of burglaries at West Park with the arrest of three youngsters whose ages ranged from 11 to 14 years.

The investigation by Sgt. Reilly disclosed that the boys had entered the following places, all in West Park:

A summer home owned by George McCord, nothing reported missing.

Home of Henry Ackert, a banjo and violin reported taken on January 21 and a .22 calibre rifle and two watches reported taken on January 26.

Home of Harold Ackert, several gold rings and a .22 rifle missing on February 4.

A barn owned by George Oatlander, entered on February 5, nothing missing.

The boys are scheduled for arraignment in Children's Court on February 26.

County Judge Cashin Passes Sentence on Local Gamblers

County Judge John M. Cashin today passed sentence on four local men who pleaded guilty on gambling charges, and warned that in the future all second offenders who come before him on similar charges may expect a jail term.

Judge Cashin made this remark after imposing a \$100 fine and a 30 day sentence in the Ulster County Jail upon George Nelton, also known as George Nelting, 43, of 333 Abell street, this city. He told Nelton to "pass the word around among the gamblers that in the future second offenders will receive jail sentences." Present bail on Nelton will be continued until Saturday, at which time he must start his sentence.

Nelton, who is a second offender, was believed to be the game keeper and dealer during a game which was raided by sheriff's office men last summer, and which resulted in the arrest of several local men. The game allegedly took place in the woods beyond the Roundout Creek bridge.

The other men who were sentenced today were Sam Astalos, Jr., 37, of 65 Washington avenue, Edward Fenton, Jr., 38, of 156 Hurley avenue, and Walter Edgar Hamilton, 18, of Sleightsburg, all of whom were fined \$200 and given 30-day jail sentences, suspended during good behavior.

In court by Daniel Prior of Albany and Elmore Nathan of this city. All had previously pleaded innocent, but today changed their pleas to guilty.

Charges of violation of section 482, subdivision 2 of the Penal Law, concerning endangering the morals of a minor, will be continued against the men. It is alleged that a group of high school pupils were present when the raid was made.

The cases of two other men arrested at the same raid were not disposed of. Shale Alcon was represented by Attorney John E. Egan, and his case was adjourned until March 2. Louis Levine was represented by Prior, who asked that the case be moved over the term because the defendant was demanding a trial. The request was granted.

Reader Service

Health and happiness go together, and that's especially true of babies who make no bones about not feeling up to snuff.

According to doctors, there are four ways to protect the baby against most diseases.

ONE: Feed the baby enough clean, nutritious, digestible food.

TWO: Keep the infant away from sick people.

THREE: Give him special protection, (that is inoculation), against the most contagious diseases, as recommended by your doctor.

FOUR: Pay special attention to your own health, as the mother before the birth and during the nursing period.

Loving friends and relatives with colds should be kept away from the baby's room and out of the house entirely, if possible.

Colds are the most serious threat to the baby's health. If the mother has one, she must wear a gauze mask over her face when near the baby and wash her hands more carefully than usual.

If your baby is yet to be born or already has the house in an uproar, our Reader Service booklet No. 203 is a valuable guide. Problems of teaching, eating, exercise, illness.

Send 25 cents (coin) for "Baby Care" to The Kingston Daily Freeman, Reader Service, 243 West 17th St., New York 11, N. Y. Print name, address with zone, booklet title and No. 203.

Below Average

Figures based on U. S. government specifications for an adequate diet indicate that such a diet for every American would have cost \$17.5 billion in 1940 compared with actual expenditures of \$15.4 billion by the American people for food in that year.

Two Cars Damaged; Occupants Not Hurt

Two cars were damaged but no one was injured in a collision at 8:35 Monday at the intersection of Clinton and Albany avenues, the police reported. At the time of the accident one car, owned and driven by Edward V. DeGroot, of 286 Clinton avenue, was proceeding south on Clinton avenue and turning left into Albany avenue at the traffic light. The other car, owned by John F. Edwards, of 186 Main street, and driven by John J. Edwards of the same address, was coming north on Clinton avenue, police said.

The right side of the DeGroot car was stove in and its right rear fender damaged, while the Edwards car received damage to the grille, left front headlight, and front bumper. Both cars are insured, police reported.

Charles Johnson Kills Self in Cell; Booked on Larceny

New York, Feb. 24 (AP)—Charles Johnson, 36, Negro chauffeur captured Sunday morning by New York city and Westchester county police several hours after a wild auto chase through Harlem, was found hanged in his cell at the West 100th street police station Monday morning.

Johnson, according to police, had been booked on a grand larceny charge in connection with the alleged theft of the car used in a Saturday night chase.

Police said he had appeared in good spirits, laughing and joking with detectives after they took coffee to his cell. His belt, tie and shoelaces were taken from him, however, to prevent him from harming himself.

Following a routine 3:30 a. m. cell check, police said, Johnson stripped off his shirt, twisted it into a crude rope, and wound it about his neck, fastening it to the bars near the top of the cell.

Johnson was captured Sunday when he appeared at the home of his employer, Mrs. Charles Schinagel, wife of a New York shirt manufacturer, at 42 Murray street, Pelham Manor, N. Y.

Accompanied by Jeanette Bostic, 15, Johnson last Saturday night eluded police following a three-mile chase through Harlem in a car which had been reported stolen from Mrs. Schinagel.

Probatary Patrolman Charles Kelly, who chased Johnson and the girl after the car had sideswiped another auto, fired seven shots at the fleeing car, hitting it five times.

Johnson told them, police said, that Miss Bostic had been driving when the car struck the other vehicle.

He took over the wheel later, he told police, and the girl, becoming panicky, leaped from the auto, suffering severe head injuries and cuts and bruises.

She was taken to Knickerbocker Hospital and then transferred to Bellevue Hospital. No charges were placed against her.

Leftists, however, opened heavy fire immediately on Cardinal Schuster's directive. The leftist newspaper, Milano-Sera, published the news under a headline reading: "Schuster Mobilizes Parishes—Schuster Orders That the Vote Is a Sin."

Bills Proposed in Legislature

By HARRY O'DONNELL
Albany, N. Y., Feb. 24 (AP)—A Republican legislator wants to fire school teachers who advocate totalitarian government for the United States.

Assemblyman Orlo M. Brees says teachers have no right to promote "Communist, Fascist or other totalitarian" ideologies in the classrooms.

He introduced a bill last night to make affiliation with groups advocating overthrow of the American form of government "sufficient grounds for dismissal" of school teachers and supervisors.

Membership would be considered presumptive evidence of unfitness to hold a position in any tax-supported educational institution in the state.

Failure of an institution's governing body to dismiss such personnel under the Brees bill would disqualify the school from receiving further public funds.

Other bills would:

1.—Increase the unemployment insurance weekly benefit scale from \$10-\$21 to \$10-\$26, and fix a \$900,000,000 ceiling on the reserve

fund thus assuring employers another large rebate next year.

2.—Establish a state-sponsored system of sick benefits for workers, ranging from \$15 to \$21 weekly for a maximum of 26 weeks.

3.—Broaden New York's divorce law to permit grounds other than adultery, now the only basis for action.

The Legislature, driving toward a tentative March 13 adjournment, passed nearly 140 bills last night.

Bills continued to flood in ahead of the deadline Wednesday on introductions, except by the rules committees. Altogether, 4,448 bills have been submitted, compared to a session total of 5,313 in 1947.

Two Republican legislators sponsored the sick benefit proposal, a program measure of the State Federation of Labor.

Senator Seymour Halpern and Assemblyman Fred W. Preller of Queens proposed a state-sponsored system to provide benefits from \$19 to \$21 weekly for a maximum of 26 weeks. The reserve fund would be raised through a one-half of one per cent payroll tax on employers and matching state contributions.

The program, they said, was designed to "bridge a very obvious gap between workmen's compensation and unemployment insurance."

It was, they added, "most definitely not compulsory health insurance."

The Halpern-Preller bill does not have administration support. Legislative leaders do not look for its enactment this year.

Assemblyman William T. Andrews, New York city Democrat, introduced the bill to permit divorce on grounds of cruelty, willful desertion or abandonment, conviction of a felony, habitual intemperance, willful neglect by the

husband and incurable insanity.

The measure incorporated recommendations made in 1945 by the New York City Bar Association.

Andrews said he introduced the bill primarily to permit study and indicated he held little hope for passage.

There was no immediate reaction from the Vatican.

Leftists, however, opened heavy fire immediately on Cardinal Schuster's directive. The leftist newspaper, Milano-Sera, published the news under a headline reading: "Schuster Mobilizes Parishes—Schuster Orders That the Vote Is a Sin."

Luigi Longo, the Communist party's vice-secretary, declared in Rome that the cardinal's letter was a violation of an Italian electoral law prohibiting "ministers of cults" from binding their followers for or against particular candidates or tickets.

There have been reports that the most severe sanction of the church—excommunication—might be turned against the Communists.

President, Deeply Sunburned, Rests Aboard Yacht

With President Truman in the Caribbean, Feb. 24 (AP)—President Truman, fighting a deep sunburn, relaxed today aboard his yacht, en route to Cuba and thence to Florida for a vacation.

He wound up a three-day good-will visit to Puerto Rico and the Virgin Islands yesterday.

Brig. Gen. Wallace H. Graham, his physician, worked to relieve a very red burn on the President's face, picked up while driving in the sun around San Juan, St. Thomas and St. Croix.

On the last trips yesterday Mr. Truman kept his Panama hat pulled down over his forehead.

He said Gen. Graham was using a special ointment on the burn.

The President is en route to the U. S. naval base at Guantanamo, Cuba, where, after a brief inspection tomorrow, he will board his plane, the Sacred Cow, for a trip to the naval submarine base at Key West, Fla. He is due in Guantanamo tomorrow.

He expects to spend nine days in Florida combining work with pleasure.

The President found his civil rights proposal to Congress acclaimed in the predominantly Negro Virgin Islands, which bade him farewell yesterday with music by a Calypso band. His visit occurred while southern Democrats at home were taking measures to counter his civil rights program.

There have been reports that the most severe sanction of the church—excommunication—might be turned against the Communists.

White Supremacy Wins in Georgia

Herman Talmadge Gets Decision of Court as Governor

Atlanta, Feb. 24 (AP)—The Georgia Supreme Court late yesterday gave control of the state's Democratic machinery to followers of Herman Talmadge, youthful champion of "white supremacy."

In a unanimous decision the court declared illegal a rival party faction sponsored by Gov. E. M. Thompson and accorded tacit recognition by national Democratic officials.

Talmadge leaders said at once that a state convention would be called without delay to set up machinery for a 1948 primary and to name delegates to the National Democratic Convention.

Thompson himself immediately announced that he would run for governor in the 1948 primary managed by Talmadge's adherents. Talmadge, 35-year-old son of the late Gov. Eugene Talmadge, has not yet announced his candidacy but it is considered a foregone conclusion that he will seek the governorship.

The high court's decision ended a ten-month contest between the two groups. Each had referred to the other as "rump Democrats" and "bolters."

The contest centered on two claims to the state Democratic chairmanship. James S. Peters was installed in October, 1946, with the backing of Eugene Talmadge, who died as governor-elect after serving three terms as governor.

William S. Morris, supported by Thompson, was named state chairman after the Supreme Court removed young Talmadge from the governor's chair as successor of his father, and installed Thompson. Thompson had been elected lieutenant governor.

The court ruled yesterday that Peters was the legal state chairman.

salary of the lawmakers from \$2,500 to \$5,000 a year.

Both Republicans and Democrats awaited with interest delivery of Mayor William O'Dwyer's "package" of demands for state assistance for New York City.

The "package" was scheduled to arrive late this afternoon. Harold Ickes, O'Dwyer's legislative representative said the contents would be "substantially the same" as announced by the mayor two months ago.

It includes demands for an additional \$84,000,000 in state aid; authority to raise the transit fare from five to eight cents without a referendum and more taxing and borrowing power.

Dewey's administration plans to give the city an \$11,000,000 aid increase, including \$2,700,000 for teacher training in the city's municipal college.

Meanwhile, the Assembly received for consideration the Stephens-Wicks bill, passed 41-16 by the Senate last night. It makes permanent a 40 per cent reduction in state personal income taxes and a 25 per cent cut in the unincorporated business tax rate.

Each year for the past few years the Legislature has authorized state income taxpayers to deduct 50 per cent of the amount due, without altering the basic rate structure.

The Stephens-Wicks bill cuts the rates in half but adds a 20 per cent surcharge to be used to help liquidate the veterans' bonus debt.

Among the bills that flooded the hoppers last night were identical ones by Assemblyman D. Mallory Stephens and Senator Arthur H. Wicks granting cost-of-living pay boosts to legislative and judicial employees.

Those employed the year-round would receive increases ranging from 8.9 per cent for the highest paid to 15 per cent for those in the lowest bracket. The per diem legislative employees would receive a flat 10 per cent increase.

Hoover Says U. S. Will Have No Allies in Event of War

New York, Feb. 24 (AP)—The United States, Herbert Hoover says, can not count on military allies anywhere in the world in the event of another war.

The former President said last night that Britain and western Europe might remain neutral if the United States is attacked. Not through ingratitude, he declared, but because:

"It is the bare stark fact of divided and warring European nations in the face of Red armies of 2,500,000 men along the Iron Curtain."

Addressing the Washington's Birthday banquet of the Sons of the Revolution, Hoover expressed belief that a federation of western European states would "strengthen the forces of peace and defense."

He rejected suggestions of an American military alliance with such a federation, voicing the conviction that a better plan would be a regional grouping of the states under the U.N. charter.

This, Hoover observed, would be similar to the present grouping of Western Hemisphere countries and their inter-American defense treaty.

Such a pact, he added, would enable the western European nations "to better cooperate with all the Western Hemisphere states, both inside and outside of the United Nations."

"Such an action would bring more vitality and strength into the United Nations. It would avoid the United States being involved in military alliances."

"Such an approach would point toward peace rather than toward war which is the bane of military alliances. It could bring greater solidarity of action among all peace-loving nations."

Hoover added that the Russian regional group some day might "also cooperate for the common welfare of mankind," although he termed this prospect "indeed very dim."

Drawn window shades are a form of insulation against cold and heat.

State Teachers College News

Dr. Haggerty Speaks

New Paltz, Feb. 23.—William J. Haggerty, president of New Paltz State Teachers College, spoke before 350 persons who attended the I.B.M. school graduation exercises at the I.B.M. Country Club in Poughkeepsie last Wednesday night and said "people of this generation are not doing enough thinking for themselves." Instead, he said, they are allowing news correspondents and commentators, motion pictures and public opinion polls, to form their opinions.

Dr. Haggerty said that he did not mean to imply that all commentators, motion pictures, and radio programs were "bad." They are not all bad, he explained, but they are bad for us when they lead us to shed our responsibilities for doing things for ourselves and when they keep us from developing our own ideas and abilities.

Other speakers were John G. Phillips, D. L. Bibby, C. J. Lawson, Thomas J. Watson, Jr., E. M. Douglas and Curtis R. Charles. The latter responded for the graduates.

Harvey Shultis Held for Assault; Faces Grand Jury

Harvey Shultis, 30, of Glenford, was held for the grand jury when arraigned Monday before Peace Justice Joseph Fitzsimmons of Woodstock on a second degree assault charge, according to the state police.

A warrant for the arrest was executed by Corp. John Metzger of the state police B.C.I. and Troopers Ray Dunn and T. A. Catalano. Shultis waived examination when arraigned before Peace Justice Fitzsimmons.

Proclamation

Mayor Oscar V. Newkirk today proclaimed this week, from February 24 until March 3, as "Fill the Fleet Week," urging full support by the citizens of Kingston to the United States Navy's current effort to recruit sufficient young men to fill deficiencies in the operating forces of the fleet.

The mayor's proclamation follows:

Whereas, the Fleet of the United States Navy is an instrumentality, maintenance of which is essential to our national security; and

Whereas, the maintenance of the United States Fleet in an adequate and operating status is a potent force for peace; and

Whereas, the ships and aircraft of the Fleet, and their supporting bases can not be maintained without the men to operate them; and

Whereas, the need for the enlistment of young men to fill deficiencies in the operating forces of the Fleet and to replace those who have completed so well their service in their country's cause is acute; and

Whereas, the problem is one demanding the attention of every citizen who has his own America's future at heart; and

Whereas, a specific period has been designated for special effort to enroll the personnel so vitally needed;

Now therefore, I proclaim the week of February 24 to March 3 as Fill the Fleet Week, and do call upon all citizens of this community to render their fullest interest and support to the accomplishment of the urgent and special aims of this nationwide program to fill the forces of the United States Fleet.

OSCAR V. NEWKIRK, Mayor.

ing to become battlegrounds of World War III," Wallace said.

7. The "United Nations" would establish a world-food granary so that "the American farmer would be encouraged to produce to the limit, with a guaranteed price floor."

8. The Ruhr industrial complex would be placed under joint supervision of the United States, Russia, Britain and France, "its resources to be used to reconstruct Europe."

Embraces Cooperation

The ousted Truman cabinet member stated that his program embraces the thought of cooperation between the United States and Soviet Russia. He asserted that it would promote peace and friendly relations, and would eliminate the policy of cold war and "evil war today, and atomic war tomorrow."

At the same time he said he thinks Russia erred in withdrawing from the original conferences of nations on the Marshall Plan.

"While the Russians felt they had no reason to doubt the sincerity of the invitation to them, I think they made a mistake in withdrawing from the Paris meeting," Wallace said.

Declaring that "the implications of the E.E.P. are becoming clearer every day," Wallace charged that American finance is at the root of the trouble in Palestine.

"It is American money that enables the British to deliver arms to the Arab states. It is American money which pays for the training and equipment of Arab forces. It is American money that enables the British to subsidize the armed forces of Trans-Jordan."

Wallace said the people of Europe are fighting hunger and chaos. But, he said—

"What they are getting is a blueprint for war."

Oxnam Tells Audience Communism Won't Win

Morrisstown, N. J., Feb. 24 (AP)—Methodist Bishop G. Bromley Oxnam told a Washington Day audience yesterday "Communism will never win in a democratic and just America."

The bishop's appearance at Washington's winter headquarters was without incident.

Earlier, Roman Catholic Churchmen had protested that the bishop was "unpatriotic and unqualified to speak on a patriotic occasion."

Msgr. John J. Sheerin, of St. Margaret's Roman Catholic Church, asked yesterday that no pickets or demonstrators appear outside the meeting hall.

He had mentioned previously that Bishop Oxnam was an affiliate of organizations being investigated as possible "Communist front groups."

Bishop Oxnam told 300 persons at a luncheon that he was "one who rejects Communism."

The bishop said the United States needs "more faith in democracy and less fear of Communism."

He made no direct reference to protests against his appearance.

Bishop Oxnam said the nation to "repudiate the impostures of a pretended patriotism" which he described as "a refusal to face problems that must be solved."

Thomas Cole, Painter, Held Great Love for Catskills

Shokan, Feb. 21—Echo of past: Thomas Cole, the distinguished landscape painter, has died at his residence near Catskill, from what disease we are not informed. He leaves a wife and a numerous family to mourn his loss, a sorrow in which a large circle of devoted friends will share. "To Art his death is a great calamity."

—(One Hundred Years Ago column in last Sunday's Freeman.)—Thomas Cole loved the Catskills where majestic peaks he first began to ascend in the Autumn of 1826, and his pen pictures of its heights, cloves, waterfalls and cloud effects make dynamically effective reading that compares favorably in descriptive power with his great paintings. During his trips to Swagland, Cole was continually reminded of scenes encountered in the course of his Catskills excursions, a clove, for instance, "with a wild stream running through it, far below the road."

"A (American) scenery has its own peculiar charms, and it is so connected with my affection that it will never lose its power." And again, after teaching home from one of these foreign jaunts, the artist thus wrote C. W. Greene, C. consultant: "I tell you that neither the Alps, nor the Apennines nor Etna itself, have diamed in my eyes the beauty of our own Catskills. It seems to me that I look on American scenery, if it were possible, with increased pleasure. It has its own peculiar charm—something not found elsewhere."

Thomas Cole, were he living in the great Woodstock art colony of today, would write as well as paint: setting out on foot over the mountain, into Greene county, he would, if caught in one of those awesome, catkilt thunder storms, make the most of the incident and faithfully record in his diary how "The storm came on in all its majesty. Like a hoarse trumpet sounding to the charge, a strong blast roared through the forest, which steeped in its weakness and shook off its leaves as thick as in October. To this tremendous onset succeeded a death-like calm. The deep gorge below me grew darker, and the gloom more awful; terrific clouds gathered in their black wings, upon the hollow, rushed firs, closer and closer. Expectation hung on every crag. A single pass of one long blade of lightning through the silence, followed by a crash as of a cloven mountain with a thousand echoes, was the signal for the grand conflict. A light troop of raindrops swept forward, footing over the boughs, with a soft and whispering sound; then came the tread of the heavy shower: squadrons of vapor rolled in, shock succeeded shock, thunderbolt fell on thunderbolt, peal followed peal, waves dashed on every crag from the full sluices of the sky. The lightning played round my very tenement, and the thunder burst on my doorstep. I felt as feeble as a child."

And so Thomas Cole, the English-born painter who left behind him as enduring memorials of his fame such masterpieces as "The Course of Empire," "The Voyage of Life," and "The Fall of the Cataract," (purchased by that celebrated historical painter, Colonel Trumbull), roamed his beloved Catskills, portraying their beauties with pen and brush and enjoying life to the full. The man who at 24 moved Trumbull to say to him, "You surprise me at your age, to paint like this. You have already done what I, with my years and experience, am yet unable to do," for whom Durand said, "His fame spread like fire," and Bryant is his "Funeral Oration" wrote, "From that time he had a fixed reputation, and was numbered among the men of whom our country has reason to be proud. The man of the mountains, who had a favorite maxim, that 'To walk with Nature as a poet is the necessary condition of a perfect artist.'"

Could be, too, that Cole was blessed with a sense of humor which may indeed have exerted a salutary effect upon his other gifts in bringing a tremendous power to his obvious powers. In a letter to his friend, Durand, he thus writes of a painting of Rip Van Winkle by that celebrated artist: "So Rip has toiled up the mountain with the liquor, I should like to see the old Mophead, and though I may not be blessed with a taste of the somnific cordial, I hope to enjoy the sight of the flagon, when I may, perhaps, exclaim, like the old woman in the fable, who, putting her nose to the bottle of an empty wine-cask, cried, 'Ah, if thou art so delightful now, what must thou have been when full!'"

But your flagon shall be enjoyed not by nose, but by tongue. In January, 1938, following a letter to Cole from Durand in which the latter had reported his progress with the painting. Later on, in February, Cole wrote his friend, "So Rip is about finished. I long to see him." (And where, by the way, is this Rip Van Winkle painting by Durand, today?)

Birmingham, Ala., Feb. 24 (AP)—The Federated Ku Klux Klan, Inc., wants the Anti-Nazi League of New York to stay out of Alabama. Rosendale Firemen Are Credited With Saving Their Hall

Rosendale, Feb. 23—The alertness of three local firemen who happened to be in the building at the time, saved what might have turned into a fire of major proportions in the Rosendale Firemen's Hall on February 14 and since that time precautions against another such development have caused the village officials to condemn the hall because of fire hazards.

Mayor W. J. Vaughn, realizing the danger, recently announced that basketball games for the balance of the 1947-48 season originally scheduled for the hall, would be shifted to the High Falls fire hall.

According to a story in The Rosendale News, the recent fire was spotted in a freshly started furnace fire which disclosed that fire and smoke, sparks were pouring up into the hall of the big frame building. The firemen, the story said, secured pump trucks, knocked the fire down and then extinguished the furnace fire.

Mayor Vaughn issued his order against further basketball games after conferring with officials of the fire department, who suggested that no more fires be kindled in either of the two hall furnaces since they represented a distinct fire hazard.

The suggestion to the mayor followed an inspection by the fire chief which disclosed that the furnace which started the fire was

broken down. The furnace, the report said, has its outlet or register directly beneath the basketball court at the street end of the building and due to the continuous jumping on the register, the vital interior of the furnace had collapsed.

The building has been used by the village townspeople as headquarters for the fire department, youth center and other activities.

Styles Show Complete Change from Last Several Years at Show Sponsored by Elks' Auxiliary

Although the title of the annual fashion show sponsored by the Ladies' Auxiliary of the Elks Club Monday night, was "The Old New Look," the styles for spring are more severely changed than in the last several years. The longer skirts are going to stay at least for this season.

Added to the longer skirts are the cummerbunds for the tiny waists, little padding for the shoulders, gored skirts, detachable caplets on the suits, cocktail dresses with a low rounded neckline featuring a tiny slit at the center front, sparkling costume jewelry, tiny sailor hats to go with the Gibson girl fashions, fur coats with the extremely new Pilgrim collar, dresses of Russian cord, return of navy and tan.

Bernie Goldman as commentator explained the latest designs, some more becoming to the average person than others, some a whim of the designer. He established skirt lengths at ten to twelve inches from the floor for short women and 12 to 14 inches for tall women. He explained that navy is being used in large quantities this spring as it is the first season since the war that manufacturers have been able to obtain sufficient navy dye for commercial use. During the war much of this went to the Navy.

Divided into scenes the show opened with model costumes for school from grammar grades through college. The youngest wore brother and sister suits while the older sisters wore striped shanties. The dress for the first person was in powder blue tulle and marquisette.

Gibson Girl
The older girls wore navy blue wool blazer suits, navy tulle suit with chartreuse moiré cummerbund, the Gibson girl styled in brown rayon gabardine ballerina skirt with lemon yellow blouse, or the dress in the same style with elbow length sleeves edged with a cuff of ribbon. The dress was in red and white striped shanties.

Short coats with flare backs were shown with suits and dresses. The new Pilgrim collar and cuff was used on these jackets as well as on the fur coats. A Guardsman blue (bright navy) jacket was worn with a men's wear worsted suit in a grey shadow plaid.

In the professional field a jacket dress for the office receptionist was modeled in a navy blue, issue tulle. A navy and white print was used for the dress which extended well down to the hips for a long torso style. With the jacket removed the dress could be worn for dinner. Another low modeled torso dress was in pure white.

Clippers Favored Over Sickler's in Y Test

Kerhonkson Club Reported Hot

Kerhonkson's Otto Clippers, high-scoring machine in the Y Basketball League, has been established favorite to defeat Sickler's Delivery in the crucial game tonight on the Y court.

The absence of George Blum, sharp-eyed center who in person has graced the Y loop, is expected to seriously impair Sickler's chances.

Y railbirds point to the great all-around play of the Clippers in recent games as evidence they are in full steam at this stage of the season. Percy Greene is setting a blistering scoring pace in the forward line.

Sickler's great opportunists and tough in the clutch, have a 13-1 record for the season, with the Clippers at 11-2.

The combined Y.M.C.A. bowling banquet this season will feature Andy Varipapa, national individual match game champion, as guest speaker. . . . Varipapa also will roll an exhibition on the Y drives after the dinner. . . . Fallsburg Comets most improved basketball squad in the DUSO and a strong contender for 48-49 honors.

Negro Baseball Loops Claim Runaround on Organized Ball

New York, Feb. 24 (AP)—The Negro National and American Baseball Leagues still held out hope today that they would gain admission to organized baseball. . . . But as recently as last December they were "turned down cold" by the Rev. John J. Johnson, president of the Negro National League, declares.

The Rev. Mr. Johnson said in a statement that formal applications of both circuits were turned down by the National Association of Professional Baseball Leagues (the minors) at the Miami meeting in December.

He also reported both loops were in a "precarious situation" because of the drawing power of Jackie Robinson and other Negroes now playing in the majors.

The Middletown Luthersburg Nuts wound and dined the Kingston Ulsters at a spaghetti dinner prior to their crucial Hudson Valley League match in Middletown yesterday and then came within three pins of sweeping the series from the league leaders.

Thanks to a 221 by "Red" Spaulding, the Ulsters salvaged the last set 956-953 to hold a first place tie with Newburgh Shapiros, who knocked off Saugerties Recreation, 2-1, on the Saugerties lanes.

Sicklers Win 62-61 In Hudson

George Bloom's 27-point splurge combined with some highly effective dramatics in the last 14 seconds of play, gave Sickler's Delivery a spectacular 62-61 victory over St. Agnes of Cohoes in the opening round of the Hudson basketball tournament Saturday night.

Two foul shots figured in the Sickler triumph, over one of the best independent clubs in central New York. Andy Murphy tied the score at 61-61 by converting a foul in the last 12 seconds and Tommy Maines' charity shot with four seconds remaining decided the issue.

Sickler's fought an uphill battle with Bloom furnishing a steady flow of points in an exciting contest which saw St. Agnes gain a 27-24 margin at the half.

Dramatic Finish
With 14 seconds remaining Frank Sass fired a desperation shot three quarters the length of the court and missed. Big Andy Murphy followed up and was fouled. His conversion tied the score and Maines clinched it on the next play.

Bloom, Al Thomas and Murphy were the big guns for Sickler's, the former with 9 fields and 9 singletons. Thomas corralled 14 points and Murphy 10. The Cohoes aces were Myscrowski and Duval, guards who registered 20 and 14 respectively. Carpenter, center, hit for 11.

Rosendale Cagers Win on Any Court

A change in stamping grounds had no noticeable effect on the basket nooting wizardry of the Valley Inn quintet of Rosendale, who debuted at High Falls with an impressive 53-46 victory over an all-star Kingston aggregation.

The winners, forced out of Firemen's Hall, Rosendale, when the hall was condemned, led 25-18 at halftime and moved smoothly behind the sharpshooting of Williams and Helmsinger.

Williams' 11 points topped both clubs, with Holmgren sinking 12. The Glaser brothers—George and Bill—accounted for 26 Kingston points and Bob Hunt added 10.

Zeke Bonura Reported Probable New Manager

With all chances for a working agreement with a major league club eliminated, proponents of the Kingston franchise in the Class B Colonial Baseball League meet at the Stuyvesant Hotel Wednesday at 7:30 p. m. to hear a "surprise development," Addison Jones said yesterday.

Representatives of the Colonial League and Poughkeepsie franchise are expected to attend the meeting, Jones said.

A conference in Brooklyn Saturday failed to lure Branch Rickey into another attempt at Kingston baseball and the New York Yankees, Giants and Philadelphia had previously turned down local offers for a working agreement.

Stymie's Record Winning Total Not in Jeopardy

New York, Feb. 24 (AP)—Mrs. Ethel D. Jacobs' Stymie, which has earned more money than any other horse in turf history, can finish his winter vacation down in Virginia with the record safe for the time being.

The big seven-year-old chestnut's all-time earnings record of \$816,060 is beyond the reach of any thoroughbred now in training.

For a time it looked as if Calumet Farm's Armed, second high in the money-winning race, might pass Stymie during the winter campaign in Florida.

Rivals Sidelined
But with Armed sidelined temporarily and King Ranch's Assault permanently following their poor showings in the Widener at Hialeah Saturday, Stymie has no immediate worries.

Armed's total in the money phase is \$773,700 followed by Assault with \$626,620.

Assault, the 1946 triple crown winner, came to the end of his racing days Saturday. Twice the leading money winner in his battle last season, with Stymie and Armed, Assault injured an ankle in the Widener and has been retired to stud at the age of 10.

The seven-year-old Armed will take a rest after finishing fourth in the Widener, just ahead of Assault. Trainer Jimmy Jones says the great gelding can't go on carrying 130 pounds—his and Assault's weight for the Widener.

Armed picked up \$12,200 in six Florida starts since January 1, while Assault earned \$3,250 in two trips to the spot in the palm tree circuit this year.

This left Armed \$42,360 short of Stymie, and Assault trailing by \$189,440.

The other seven in the top 10 all-time cash collectors in order are Whirlaway, Seabiscuit, First Fiddle, Sun Beau, Pavot, Gallotette, and Alsab. Only W. L. Brann's Gallotette, with earnings of \$351,365, is still racing.

The 70 events from June 21 to August 28 will attract an average of 33 entries each. A total of 643 horses from 245 stables is entered in the Saratoga races.

Four \$10,000 events will feature the second week of grand circuit racing. These are the Arden free-for-all trot, the Empire free-for-all trot, the Saratoga three-year-old trot and the Boswick two-year-old trot.

Some of the 15 trotters entered in the Arden are Proximity, Walter Spencer, Chestertown, Wee Laird and Butler. The Empire list includes Forbes Chief, April Star, Deep Thoughts, and Direct Express. Thirty five horses are entered in the Saratoga and 62 in the Boswick.

Turshen Proposes Fuel Oil Regulation

Albany, N. Y., Feb. 24 (AP)—

State regulation of the fuel oil industry as a public utility was proposed today by Assemblyman Max Turshen, Brooklyn Democrat.

Turshen wants a joint legislative committee to investigate the possibility of placing the fuel oil business under the jurisdiction of the Public Service Commission.

"The fuel oil industry," Turshen said in a resolution introduced last night, "must never again be permitted to ignore its public obligation."

He cited a widespread shortage and "ever-increasing prices" for kerosene, fuel oil and other fuel oil products.

Like Falling Glass, Boys Wreck School

Shreveport, La., Feb. 24 (AP)—An

11-year-old boy and his nine-year-old companion told a juvenile court official they wrecked a grammar school here because they liked "the sound of falling glass."

Their identities were revealed to city officials by the father of the older boy.

Jimmy Valentine, chief probation officer for the juvenile court said the boys told him they accidentally broke a window at the school Sunday. Then, Valentine added, they broke 149 other windows, entered the school, damaged books, chairs, desks, pictures, and a phonograph, and splattered ink and paint over school records.

The probation officer said the father of the older boy had offered to pay for the damage which has not yet been estimated.

Housekeeper, 65;

4 Children Die in

Glens Falls Fire

Glens Falls, N. Y., Feb. 24 (AP)—

Four children and a 65-year-old housekeeper died early today when fire destroyed a two-story wooden house about ten miles west of here.

Mrs. Elizabeth Hack, 30, mother of the children, was burned seriously about the arms, hands, back and face. She was taken to the Glens Falls Hospital. Her condition is reported "fair."

State police listed the victims as Janice Hack, 5; her brothers, Amos, 8, Richard, 6, and Ronald, 4, and the housekeeper, Mrs. Elizabeth Hack.

Vernon Dunkley, 10, a son of Mrs. Hack by a previous marriage, jumped from the second floor. He was uninjured.

Police said Mrs. Hack reported she had been sleeping downstairs and the others occupied upstairs rooms.

She told police she had been awakened by the explosion of a stove and found the house in flames.

She said the building collapsed before the children could be reached, police reported.

The house is on the Glens Falls-Corinth-Luzern highway. Mrs. Hack is employed in the Mohawk Carpet Mills at Hudson Falls.
